- 1515 Push Button Style Seat Positioning StrapStandard

TRANSPORT TIE-DOWN

- TRRO Transport Ready Option 300.00
- TRBKTS Wheelchair Transport Brackets 250.00

*TRANSPORT TIE-DOWN

TRRO includes four factory-installed transport brackets and a wheelchair anchored pelvic belt. TRRO has been crash-tested in accordance with ANSI/RESNA WC Vol1. Section 19 Frontal Impact Test requirements for wheelchairs with a 168 lb crash dummy, which corresponds to a person with a weight of 114 lb to 209 lb.

TRBKTS includes four factory-installed wheelchair transport brackets. TRBKTS has not been crash-tested in accordance with WC19. Use these transport brackets only to secure an unoccupied wheelchair during transport.

As of this date, the Department of Transportation has not approved any tie-down systems for transportation of a user while in a wheelchair, in a moving vehicle of any type. It is Invacare's position that users of wheelchairs should be transferred into appropriate seating in vehicles for transportation and use be made of the restraints made available by the auto industry. Invacare cannot and does not recommend any wheelchair transportation systems.

*Transport Tie-Down option is not retrofittable to existing models and is not field serviceable.
